

**REMARKS**

The examiner is thanked for a thorough examination of the present patent application.

**Objections and Rejections of the pending Final Action**

All objections and rejections of the pending Final Action are addressed herein. No new matter is added herein.

The Specification was objected to.

***Specification***

The disclosure is objected to because of the following informalities: Add the labels shown in Figs. 4-7 in the Specification. In page 3, line 27, change "214" to -222-. . Appropriate correction is required.

Final Action, p. 3.

Per the examiner's recommendation, the Specification is amended herein to include labels (reference numbers) shown in Figures 4-7. Further, on page 3, line 27, "214" is changed to -222-.

All Claims were rejected except for Claims 1 and 5. The applicant cancels herein all rejected claims. Only the allowed claims remain.

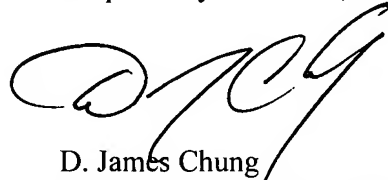

**Listing of Commonly Owned Applications and Patents**

Submitted herewith is a Listing of Commonly Owned Applications and Patents under 37 CFR 1.78(f), PTO form SB/206. The listed U.S. patent application 11/105,091 is a continuation-in-part (CIP) application of the present application. The CIP application discloses and claims matters similar to the present application, related to the present application, or both. Please note that in the CIP application, a non-final Office Action (rejecting all Claims of the CIP application) was mailed on September 21, 2006.

November 2, 2007

In view of the foregoing Amendments and Remarks, the applicant respectfully submits that the entire application is in condition for allowance. The applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

D. James Chung
